

2026 Guelph IT Report

Managed IT Services for Small Business | Trueline IT

Key Findings - Guelph Economic Development Zone (2026)

- 78% of assessed Guelph businesses operated with no IT monitoring
- No verified backups in 85% of cases
- No after-hours support documented
- One server failure costs \$8,000-\$15,000 CAD per day

The Guelph Opportunity

Guelph's tech sector is growing. Companies can't afford reactive IT.
Proactive, flat-rate managed IT is the standard.
